Accomplishments

- Led strategic financial planning and operational initiatives aimed at improving financial stability and transparency for multiple nonprofit organizations, ranging in size and financial complexity.
- Implemented and revised financial policies and procedures to build systems for organizational growth while improving internal controls and efficiency. Outsourced data-entry to a remote staff accountant, implemented Expensify and bill.com, and streamlined purchasing processes, resulting in improved financial reporting and transparency.
- Successfully led the conversion to a new CRM system for both the organization's staff as well as its 10,000 members that streamlined and integrated fundraising, program, membership, and marketing data while integrating with the organization's financial system.
- Developed grant proposals for program expansion and management, resulting in more than \$2M in grants. Secured funding from the PPP and ERC programs.
- Refinanced a school's mortgage from a balloon payment to an affordable 15-year fixed rate mortgage.
- In conjunction with a nonprofit's finance committee, developed strong accountability processes, transitioned to a new bank, designed, and approved an Investment Policy, and sourced and hired an investment management company.

Licenses / Education

- MBA – University of Colorado
- Bachelor of Science – Mathematics, Haverford College
