Microsoft, Inc	Cost Accounting, and US Sales & Marketing Accounting Manager	1984 - 1991
Teltone Corporation	Cost Accountant	1981 - 1984
Various Real Estate Holdings	Owner	1990 - Current

Accomplishments

- Consistently completed audit requirements in a multi corporate environment with little to no significant audit adjustments.
- Implemented MS Dynamics SL Accounting/Project Cost System and electronic document storage/retrieval process, increasing productivity and reducing staff by over 1/3.
- In 2003 the Oregon State and Multnomah County budget crisis resulted in a 27% annual loss in contracted services for DePaul. Rob developed and implemented a plan of cost cuts and reorganization of staff to insure continuation of services with a breakeven budget.
- Acted as owners' rep for DePaul in building a \$3 million youth residential treatment facility bringing the project in on time and in budget.
- Developed and implemented an audit program for fair food concessionaires (food vendors paid the Fair a % of Gross Sales) which increased fair food revenues significantly.
- Key member of team to implement Microsoft's first fully integrated manufacturing cost system including standard costing, inventory control, indented bill of materials, and MRP systems.

Licenses / Education

- Seattle Pacific University, B.S. in Accounting
- The Institute of Certified Management Accountants – CMA
