Accomplishments

- As Interim CFO and Operational consultant at multiple companies, quickly and successfully assessed company situation, then lowered expenses and generated additional cash through various means including increasing sales, improving efficiency, selling assets, securing outside financing, and negotiating favorable terms with vendors.
- As CEO at Laidlaw, led an organization with domestic and international sales across six continents and having customer relationships with large-box retailers including Wal-Mart, Target, and K-mart. Reported directly to, and served on, the Board of Directors, which included private equity and ESOP owners.
- As COO at Laidlaw, developed and executed strategic plans to improve growth and sales. Led 15 direct reports and oversaw a \$65 million operating budget. Managed seven multi-state and international manufacturing sites employing 600 employees. Oversaw all domestic and international procurement relationships. Managed all inbound and outbound logistics, customer fulfillment, and product quality guidelines.
- As CFO at Laidlaw, coordinated financial reporting, audits, and tax preparation. Prepared budgets and forecasted financial estimates. Managed all ABL and commercial lending relationships. Responsible for credit, human resource, information technology, risk management, and legal departments. Prepared quarterly Board packages. Acted as primary financial liaison with Board of Directors and Audit Committee.
- At Amtech Systems (NASDAQ: ASYS), managed all aspects of finance, accounting, human resources, and information technology. Prepared and filed all annual and quarterly maintenance documents with the SEC. Coordinated financial reporting, audits, and tax preparation. Prepared budgets and forecasted financial estimates. Managed all commercial lending relationships. Responsible for credit, human resource, information technology, risk management, and legal departments. Acted as primary financial liaison with Board of Directors and Audit Committee.
- At Arthur Andersen, managed annual and quarterly SEC filing requirements for more than fifteen publicly held companies, participated in more than ten IPOs raising more than \$500 million and one public debt offering raising more than \$50 million. Assisted clients in numerous industries, including manufacturing, distribution, construction, technology, real estate, banking, insurance, hospitality, healthcare, not-for-profit, and government.

Licenses / Education

- BS in Accounting, Arizona State University
