Accomplishments

- Built Finance/Accounting function from the ground up in preparation of space company spin-off and acquisition.
- Led transformation of the accounting department for \$130M revenue manufacturer that included replacing personnel and implementing LEAN process improvements. Reduced department headcount by 25% and month end close by six days.
- Built cashflow forecast model for \$80M revenue manufacturer that led to improvements in supplier payments/relationships and \$3.5M in new purchase discounts.
- Led effort to re-bid high use commodities for \$30M manufacturer resulting in a 5% reduction in purchased cost of materials in 6-months.
- Established internal audit function, Audit Committee of the BOD and corporate governance policy at VoiceStream Wireless (later acquired and became T-Mobile USA) working directly with the Chairman.
- Effectively managed HR, IT, Supply Chain and Operations functions in addition to accounting/finance department, at two manufacturing companies.
- Developed fraud detection and prevention internal audit procedures and training for the Boeing Company.

Licenses / Education

- Bachelor of Arts, Business Administration - Accounting, University of Washington
