Accomplishments

- Served as financial success partner to global technology organization, providing strategic guidance to support transition to a diversified product line SaaS model and sustained rapid growth, with several years at double-digits.
- Redefined company philosophy on consumer plans, protecting quality revenue streams while significantly reducing collection issues and improving working capital by more than 75%.
- Directed local management and legal and accounting professionals in China and Hong Kong to establish appropriate accounting systems and financial compliance of Shenzhen-based joint venture.
- Managed the integration of finance and administrative functions for a newly acquired domestic subsidiary.
- Worked extensively with an owner group in a successful full recapitalization that provided significant liquidity and dramatically reduced monitoring and restrictions.
- Developed and documented long-term vision and strategy and immediately executed on plans to attain the vision. Created reporting processes that gave clear visibility of all aspects of the business and clarified unit level profitability and performance.
- Significantly reduced personnel costs through reorganization and consolidation of accounting and customer service departments, improved responsiveness to customers by streamlining internal communication, successfully reduced accounts receivable, and integrated accounting for both franchisees and a management company into daily operations.
- Implemented full recapitalization of several related companies and led the conversion of multiple ERP systems to a common platform resulting in significant cost savings and improved business control.
