Accomplishments

- Led process improvement project for global close and consolidation process, reducing close cycle time by over 30%.
- Implemented improved working capital management program, resulting in a 28% reduction in DSO, 22% reduction in inventory, and 11% improvement in DPO.
- Reduced cycle time from year end to report issuance from 240 days for 2013 audit to 90 days.
- Built first controllership organization with addition of assistant controller and corporate accounting team; responsible for close, consolidation, reporting, and account reconciliations.
- Led business-wide working capital improvement project which lowered inventories by \$1M (20%), improved DSO from 92 days to 35 days, and negotiated vendor payment terms from 30 days to 45 days.
- Increased profitability by 15% (\$22M) by consolidating manufacturing operations, outsourcing transportation management, implementing cost control programs, and introducing new products and pricing.
- Improved working capital by more than \$30M through negotiation of better payment terms, reorganization of payment processes, and controlling AR/AP.
- Led all financial aspects of successful reverse merger from private to public company, including purchase accounting, audit procedures, and SEC reporting while integrating new company into existing structure and reducing annual operating costs by \$350,000.

Licenses / Education
