Accomplishments

- At Hubb Inc., supported raising \$6.3M series B financing, created strategic reporting for the board and management, transitioned to 3rd party outsourced accounting, and transitioned from cash to accrual accounting.
- Set up accounting and finance software, general processes, analysis and reporting for Coolest, a start-up.
- At Concept Systems, transformed organization of founders/co-CEOs to a dedicated management team to let co-CEOs hand over reigns to newly hired COO, CFO and VP Sales and assume more hands off roles; supported 15% growth p.a. while maintaining and improving corporate culture; replaced personal knowledge with institutional information.
- Transitioned Pipeworks Entertainment from a developer for hire to producing its own IP by supporting the development of a strategy, setting milestones, and providing extensive analysis and reporting to achieve those goals.
- Created processes, reporting structures, systematic analysis, and supported the development of and adherence to a strategy of growth at Ex'pression, a VC funded start-up.
- Prepared SEC reporting at Alysis, managed the sell-off of a product line and supported the sale of the company to Pitney Bowes.
- At Chemdex, created the financial model for the roadshow, supported the IPO.

Education and Certifications
