Accomplishments

- While at Community Action Organization, managed contract revenue growth from approximately \$20M in 2013 to grants and agreements valued at \$40M+ in 2021, consisting of over 100 separate project codes in the accounting system. Most awards required compliance with OMB's Uniform Grant Guidance (formerly A-133).
- Managed cash flow and streamlined processes to support significant revenue increases from government awards for rent and utility assistance related to COVID-19.
- Updated financial policies and procedures, internal controls, and developed cost pools for more efficient allocations of expenses.
- Responsible for RFP process for organization's retirement plans services and oversaw transition of plan assets to successor firm.
- History of audits with unmodified (clean) opinions on the overall financial statements and on compliance with Federal rules & regulations.
- At CPA firms, managed audit, tax, and consulting services for multiple clients. Prepared and delivered financial statements to client's senior management, finance committees and boards of directors, providing suggestions for efficiency and effectiveness as well as addressing internal control systems.

Licenses / Education

- Bachelor of Business Studies - Accounting, Linfield College, OR
