Accomplishments

- Developed standardized procedures, checklist, and G/L Chart of Accounts to ensure a seamless system interface for newly acquired locations in private equity roll up.
- Successfully implemented GL conversions from QuickBooks to multiple systems including NetSuite and Dynamics.
- Implemented automated interface of bank Treasury application and Accounts Payable bill payment system to the General Ledger to ensure effective cash management.
- Modified and implemented revised invoice and cash management procedures to maximize cash flow.
- Formulated procedures for Inventory procurement (Purchase Orders), shipping documents, items receipts, and invoice processing to ensure proper internal control of A/P and Inventory management.
- Managed Corporate Accounting, Accounts Payable, Treasury operations, and financial reporting.
- Implemented bar-coded inventory control system to properly account for inventory reported on Borrowing Base Certificates and monitored debt covenants to ensure bank compliance.
- Implemented GL and Accounting policy procedures for \$200M finance company start-up and successfully completed financial audits for the first two years of start-up.

Licenses / Education

- BBA, Accounting, Texas A&M University
