Accomplishments

- Established accounting system, policies, and procedures for start-up nonprofit organization, including employee manual and performance review process for Enhabit.
- At Enhabit, successfully deployed \$30.7M in grants from US Department of Energy and Oregon Department of Energy, most of which required compliance with OMB Circular A-133.
- Changed corporate 401(k) investment and service providers for Meals on Wheels People, providing greater source of investment opportunity as well as increasing accessibility for all employees, saving the organization \$10K. In addition, closed stagnant 403(b) program and rolled into new 401(k), returning \$56K to the organization and reducing 401(k) plan expenses.
- Streamlined processes and integrated new inventory accounting system with general ledger accounting, increasing efficiency and reducing duplication of efforts at Meals on Wheels People.
- While at Moss Adams, managed nonprofit, college and university, and financial institution audit and consulting services with multiple clients concurrently, both on and off-site. Ensured compliance with governmental auditing standards and OMB Circular A-133. Prepared and delivered financial statements to elite client's senior management, finance committees, and board of directors, providing suggestions for efficiency and effectiveness while addressing overall business policies and procedures as well as internal organizational controls.
- At First Interstate Bank, directed and participated in the more difficult, high-profile audits, with loan portfolios of up to \$600M, presenting findings to senior management.

Education and Certifications

- Bachelor of Science in Business Administration – Finance/Marketing, Oregon State University
- Post-Baccalaureate studies in Accounting, Portland State University
