ACCOMPLISHMENTS

- Successfully managed all finance and accounting functions as acting CFO of several companies and organizations. Responsible for all financial planning and budgeting, accounting operations, treasury operations, cash management, incentive compensation planning and implementation, investor relations, and management of tax, insurance, banking, and real estate relationships.
- Developed budgeting, project management, and financial planning tools customized for audiences including investors and board members. Board members continue to use these tools in making strategic operating decisions.
- Developed and implemented interest rate risk management program for a rapidly growing organization.
- Successfully engineered both debt and equity recapitalization necessary for sustaining rapid growth at an equipment distribution & service company.
- Negotiated multiple real estate leases with commercial tenants and acquired new bank financing for a commercial office project in the midst of a collapse of the local real estate market.
- Redesigned accounting and financial processes and controls as CFO for a rapidly growing construction company. Hired and trained new accounting team.
- Crafted growth strategy and financing plan, and secured funding, for a Seattle-area specialty retailer's major expansion into the California market.
- Created five-year financial plan to guide growth and eventual sale for a multi-store franchisee.
- Created, recruited, and managed a nine-member portfolio management team to improve the quality of a bank's financial analysis and loan portfolio management.
- Designed and implemented effective and Sarbanes-Oxley compliant internal control systems for a \$1.4B commercial banking division. Provided strategic guidance to commercial bankers in structuring new credits. Approved commercial credits under a delegated \$2M in lending authority.
